SwipeNow is a proven industry leader in electronic transaction processing. Our nearly 20 years of expertise ensures that we can attend to every facet of your credit card processing needs, from credit/debit and mobile transactions, to e-commerce solutions, to gift cards, loyalty services, and more. We offer an extensive portfolio of innovative products designed to help improve your productivity, increase your profitability, and ultimately, boost your bottom line.

## Committed to you

We know that your focus is on running a business, not managing your merchant services. And we know one size does not fit all. That's why we offer customized solutions to fit the scope and demands of your enterprise. Our various turnkey payment solutions enable you to accept every type of payment and give your business the tools it needs to succeed. Further, we are unique in that we have dedicated partnerships with multiple processing banks so we are able to align your specific requirements with the processing network that best suits you.
