

# Phase 2 Construction Requirements

As of today, May 20, 2020, Phase 2 construction is limited to the following counties:

Asotin | Columbia | Ferry | Garfield | Lincoln | Pend Oreille | Skamania | Stevens | Wahkiakum | Whitman

## New Requirements and Changes

- **All construction work is now authorized**
  - + Any new projects
  - + Any work that requires employees to be closer than 6 feet
- **A *Jobsite Hazard Analysis* must be included in the *Jobsite Safety Plan***
  - + Work activities considered medium or high risk by L&I (i.e., activities that require workers to work closer than 6 feet for extended periods)
- **Specific masks to be worn for work activities considered medium and high risk by L&I**
- **If only one person is working on the jobsite, they are exempt from wearing a facial covering**
- **Temperature and symptom screening can be done at home by employees and reported to the employer**
- **A cleaning schedule must be included in the *Jobsite Safety Plan***
- **Shared tools must be cleaned before being used by another employee**
- **Training must be done in the language employees will best understand**

## No Longer Required

- ***Jobsite Safety Plan* (signed copy) document – no longer required to post**
- ***Safety Requirements Working Group Phase 1* document – no longer required to post**
- ***Work to be Performed on Jobsite* document – no longer required to post**
- ***Coronavirus Prevention General Requirements* document – no longer required to post**
- ***Visitor's Log* document – no longer required to maintain**
- **Gloves to be worn at all times – no longer required**
  - + If employees are sharing tools – gloves are required
- **Eye protection to be worn at all times – no longer required**
  - + If employees are less than 6 feet – eye protection is required
- **Guidance recommending subcontractors be scheduled so that two or more are not on the jobsite simultaneously**
