**BUILDING FUTURES
FOUNDATION**

CASINO NIGHT & GALA

These events raises money for the scholarship and tool grant fund. In 2022, the Building Futures Foundation awarded \$25,000 in scholarships to local students and apprenticeships pursuing a career in construction.

SCHOLARSHIPS

Scholarships for those entering the construction industry are important in incentivizing and supporting those that want to work in our great industry!

DOZER DAY

Dozer Day is a national annual event, with our very own one here in Clark County Washington, where kids and families can operate heavy machinery like bulldozers, excavators, and cranes in a safe environment. It introduces kids to the construction industry and allows them to experience it hands-on. It's a great way to spark their interest in construction.

TOOL GRANTS

Tool grants help first and second year apprentices succeed, while reducing barriers to entry in apprenticeships. We're proud to offer these grants to local apprentices.
